CARRER OBJECTIVES:

- I am an Engineering student, I have passion for learning and developing new and existing skills, and I enjoy problem solving using established analytical methods and engineering principles. I'm keen to secure a challenging role in an engineering firm that offers early responsibilities and a progressive career path.

SKILLS:

- Good Communication Skills
- Quick Learner
- Good Leadership quality
- Good in Logical Reasoning

ACADEMIC BACKGROUND:

Qualifications	Passing year	Institutes Name	Marks %
Bachelor of Engineering	2023	Mysore College of Engineering and Management	75% CGPA : 7.92
12 th	2019	St. Philomena's PU College	80%
10 th	2017	Little Infant High School	87%

PROJECTS :

- [AUTOMATIC Door Security Alarm](#)
- Using Arduino Uno R3 Programming and IR Sensors.
- [PCB Designing.](#)
- [Automatic Farmer Soil Sensing Machine](#)
- Using Arduino R3 Programming and Connecting Wires, Soil Sensor, 9v Battery, Connector and Switch. It was done in college in team which helped the farmers in 2 ways
- To know the excess content of water in soil
- To grow the crops according to the water required to grow that particular crops.
- Automatic Irrigation Pumping Bluetooth and Soil Moisture Sensing Machine.
- [Stock Management System](#)

- It was web based application which serves the purpose of knowing the remaining stocks and comparing the budget of the company, Shops , Malls etc for the last few months.

- [Rubik's Cube.](#)

- [Android Simple Calculator App](#)

- It was web based application whose purpose was to calculate the numbers and save the time indeed.

- [Heart beat Sensor.](#)

- [FINAL YEAR PROJECT : An IOT Based Health Monitoring System.](#)

- The main aim of this project is monitoring of an individual basic health monitoring an individuals heart rate and body temperature using the sensors and aurduino IDE . This project is developed using C language. By using this the care taker can get to know the health condition of Patient at that time.

[. Guesser game](#)

- Its a game in which we require 3 players and 1 umpire and one guesser Where guesser will choose one number and player needs to guess that number Umpire will just collect the numbers from both guesser and player and decides weather the number guessed by players was correct r not.

[. Tic - Tac - Toe](#)

- Its a game in which there will be one player who will play Tic-Tac-Toe game with the computer which is mind based game in which after playing we will get to know who will be the winner.

INTERNSHIPS :

- Varcons Technologies Pvt Ltd 23-08-2022 27-09-2022
- Template For 1-1 Personal Training It was web based application which serves the automated booking are taking an appointment from trainer by choosing appropriate services as per the company requirements.
- Micro Degree 22-11-2021 22-01-2022
- Manual Testing

TECHNICAL SKILLS :

Front-end-technologies:

- Html , Css , Javascript (intermediate)

Programming languages:

- Basic Java ,Core Java , Advance Java (intermediate)
- C
- Hadoop (intermediate)

- Spring (intermediate)

Database:

.Sql

Manual Testing

Tools:

- Visual studio code
- Editplus
- Eclipse

STRENGTHS :

- Problem Solving
- Adaptability
- Leadership Quality
- Self Motivate
- Good team player

HOBBIES :

- Singing
- Dancing
- Playing Out door games
- Travelling

TRAINING / COURSES :

Java Full Stack Development , Manual Testing

PERSONAL PROFILE :

Languages : Hindi , English , Kannada

ADDRESS : #1408 , 1st Stage 6th Cross Rajivnagar Mysore.

DECLARATION :

I here by declare that all the information mentioned is true to the best of my knowledge and Information.
